

ID06 card LMA for asylum seekers

ID06 card LMA can be ordered for asylum seekers with LMA cards who are employed or gain internship at company

A company or organisation, e.g. government or municipal agency, that wishes to order an ID06 card LMA for an individual with an LMA card that is going to perform practice at the company should do it in its own company name and organization number through its own ID06 account. Please note that the old ID06 card 1.0 for the asylum seekers with LMA card does not apply after January 21, 2020.

When ordering an ID06 card LMA

- When ordering ID06 card LMA to ID06 card supplier, the applicant company must digitally attach:
 1. When hiring: * **Photo on the LMA card** and a copy of the **employment contract** and a **copy of passport certified by an official of the Migration agency**. It must also be stated on the LMA card at point 7 "**AT-UND**", which confirms that the asylum seeker has the right to work during the asylum period.
 2. At an internship: * **Photo on the LMA card** and a copy of the **internship agreement** established between the municipality or employment agency and the company. AT-UND does not need to be indicated on the LMA card at the internship.

- The asylum seeker may then go to one of the ID06 partners SISTEC's dispatch offices to check and ensure the authenticity of the LMA card.

The individual's identification number is the unique LMA card number, see example below which has the card number 50-008920/4. The number, marked in red in picture 1, is a unique identifier for the individual. Observe that the last digit, 4, is only a numbering of the physical LMA card that the applicant has received and can vary when a new LMA card has been issued for the individual. The LMA number 50-008920, as in the picture, is unique for the individual.

The validity of the ID06 card shall be equal to the validity period in the employment or practice agreement, alternatively to the validity of the LMA card. The document which has the shortest validity shall be applied when determining the validity of the ID06 card.
